

Engineer's Day 2022

E

Ever looking for solutions to the problems
Ever looking for innovative solutions
Ever looking to simplify our lives
Ever looking to improve the products

N

Never gives up when faced with hurdles
Never gives up in dealing with tough challenges
Never gives up failing any number of times
Never gives up till ideas become inventions

G

Get going with a smile in every situation
Get going even when given impossible tasks
Get going to learn and crack any unknown
Get going to create a wow in their works

I

Inspire others with their hard work
Inspire others to be open minded
Inspire others to be highly committed
Inspire others by being an example at any task

N

Navigates through any troubled situations with ease
Navigates through ups and downs with full focus
Navigates through many upsets till goals are reached
Navigates through difficulties till success is achieved

E

Enthrall the world with their creations
Enthrall the humanity with their achievements
Enthrall all with their reach everywhere
Enthrall one and all with the touch of their excellence

E

Enable each of us to live a comfortable life
Enable one and all to raise their standard of living
Enable the future generations to incrementally improve
Enable many other fields to ease their working

R

Rise to be their best in any occasion
Rise to be the first to give a solution
Rise to use their skills to fulfill any demand
Rise to positively respond when challenged

**Wishing You All A Very Happy Engineer's Day On the Occasion of
Sir M. Visveswaraiah's Birthday**

-- Girish Elchuri
