

Tribute to Sridevi

Sridevi was a born star
As the fate be, she got the opportunities
Acting is her nature, age no bar
Grew to be a super-star in all film industries.

Sridevi is innocence personified
In her roles as well in real life
She was always very dignified
Even outside the reel life.

Sridevi is symbol of super success
With her career spanning many decades
With amazing performances as an actress
She wowed her fans with films that never fades.

Sridevi is lovable by one and all
By her family and millions of fans
With no nonsense approach, standing tall
As an inspiration for budding artists.

Sridevi never shed her responsibility
Bringing up her kids with a personal touch
Showing humbleness as her personality
No wonder, everyone likes her so much.

Sridevi is the real beauty
Lived her life as a duty
Never disappointing her fans, family
And those who gave her every opportunity.

Sridevi will be remembered forever
Thru the films she acted, rather lived
And in the hearts of her fans spread world over
With images that can never be erased.

Sridevi, we miss you and your future films
Where you could have rocked and entertained
With your action and performances
The second innings, that would have been rock solid.

Wishing you peace wherever you are and courage to your family.

Your fan, Girish Elchuri
